ANSI Cut Resistant	Level A4

CAT. II

DETAILS

A4-501 is an arm protective sleeve made from Spun HPPE/Glass yarns. This sleeve has a steady performance A4/D cut protection which can protect arms from being cut by biting blades, sharp branches, and pet scratches. The spun HPPE yarns have a better sweat-absorbing function. The silicone dotted on the elastic band is to prevent the sleeve from sliding down during work. This sleeve is light in weight and makes the user feel soft, flexible, and breathable. A4-501 is widely used in general mechanical working areas.

PRODUCT DESCRIPTIONS	
Series	Arm Protection
Available Size	14", 18", 22" (other options are available upon request)
Material	Spun HPPE/Glass
Color Available	Black (other options are available upon request)
Design	Knitted sleeve with thumb hole, Silicone dotted on elastic band
Thickness	1.3 mm
Wash Care	Recommend to use mild detergent or soap and tempered water, avoid using extremely high temperatures when washing and drying (beyond 40°C / 104°F). Wash in a 5-10 minutes cycle time. Rinse in cold water.
Packaging Reference	10 Pairs x 10 Dispensers x 1 Carton 56x26x32cm (18")

SIZE SPECIFICATIONS

Size:	18"	22"
Total Length (+/-10mm)	450	560
Width (+/-5 mm)	100	100
Weight (+/-5% gram/pair)	70	82
