DETAILS

B-213 is a protective glove made from 13-gauge Polyester and Foam Nitrile coating. The glove provides excellent grip in a dry environment and oil resistance. It also offers high dexterity and is durable. *B-213 has a higher abrasion and lower raw material cost compared to B-210*. Hence, the B-213 glove is widely accepted for light protection in general mechanical protection.

PRODUCT DESCRIPTIONS	
Series	Nitrile
Available Size	7-8-9-10-11
Liner Material	Polyester
Liner Color Available	Grey (other options are available upon request)
Coating	Foam nitrile
Coating Color Available	Black (other options are available upon request)
