EN 388	3131X
OEKO-TEX Standard 100	PASS
Silicone Free	PASS

DETAILS

B-313 is a protective glove made from 13-gauge Nylon and Polyurethane coating. Polyurethane coating has the characteristics of silicone-free and light in weight. B-313 provides excellent grip in all environments. It also offers high dexterity and air permeability. This glove is widely used in general mechanical protection, for example, packaging, cleaning, and electronic assembly.
