DETAILS

K5-111 is a protective glove made from 18-gauge TekArmor® and a latex coating with crinkled. The characteristics of latex are excellent gripping in either a dry or wet environment and resisting water. K5-111 has a steady performance A5/E cut protection and screen touching. Meanwhile, this glove is light in weight and has high dexterity. This glove is widely used in an ingenious maintenance job in that both the grip and cut resistance are needed.
