## DETAILS

K6-266 is a protective glove made from 18-gauge TekArmor® and Sandy Nitrile coating from palm to the knuckle of hand back. K6-266 has a steady performance A6/F cut protection and screen touching. Meanwhile, TPR on the back offers glove impact protection. This glove provides excellent grip in all environments and resistance to oil. It also offers high dexterity and is breathable. This glove is widely used for general working purposes.
