Product Data Sheet

DETAILS

K7-211T is a protective glove made from 18-gauge TekArmor® and Sandy Nitrile coating. K7-211T has a steady performance A7/F cut protection and screen touching. Meanwhile, the reinforced thumb crotch increased the user's protection. This glove provides excellent grip in all environments and resistance to oil. It also offers high dexterity and is breathable. This glove is widely used for general working purposes.
