- Breathable

POSSIBLE APPLICATIONS

PERFORMANCE REQUIREMENTS

EN ISO 21420	PASS
EN 388	3X4XF
ANSI Cut Resistant	Level A6

DETAILS

A6-500 is an arm protective sleeve made from 15-gauge seamless HPPE/Steel yarns. This sleeve has a steady performance A6/F cut protection (reaching the highest CE cut level resistance), which can protect arms from being cut by biting blades, sharp branches, and pet scratches. The elastic cuffs on the wrist and upper arm offer a stretchable and snug fit feeling. This sleeve is light in weight and makes the user feel soft, flexible, and breathable. A6-500 is widely used in general mechanical working areas.

PRODUCT DESCRIPTIONS	
Series	Anti-cut sleeve, Arm Protection
Available Size	10", 14", 18" (other options are available upon request)
Material	HPPE/Steel
Color Available	Black (other options are available upon request)
