DETAILS

B-650 is a protective glove made from 15-gauge polyester/spandex and innovated PolyMAX® coating from the palm to the knuckle of the hand back. PolyMAX® is a unique polymer polyurethane coating with the characteristics of skin and environment-friendly, solvent-free, DMF-free, silicone-free and odorless. B-650 provides excellent grip in dry and wet environments and resistance to light oil. It also offers high dexterity and 360° air permeability. This glove is widely used in general mechanic working areas.
