DETAILS

P-702 is a protective glove made from a 13-gauge seamless THERMOLITE®/Acrylic/Cotton liner. THERMOLITE®/Acrylic liners keep the user's hands warm and have better sweat absorption. This glove provides the user with a breathable, soft, and flexible feeling. P-702 is widely used in general outdoor working environments, especially in cold environments.

PRODUCT DESCRIPTIONS	
Series	Uncoated or Sewn
Available Size	9 (other options are available upon request)
Material	THERMOLITE®/Acrylic/Cotton
Color Available	White (other options are available upon request)
