CAT. II

DETAILS

P-905 is a protective glove made from 13-gauge seamless cotton and PVC coating with sandy finished. Fully coated with PVC prevents water, oil, and chemicals from penetrating the glove, keeping the user's hand dry and clean. The glove provides excellent grip in a dry environment and is durable. Different lengths can meet the user's multiple requirements. P-905 is widely used in general protection from chemical environments, such as the laboratory.

PRODUCT DESCRIPTIONS	
Series	PVC
Available Size	8-9-10-11-12
Liner Material	Cotton
Liner Color Available	White
Coating	Sandy PVC
Coating Color Available	Blue (other options are available upon request)
