Product Data Sheet

DETAILS

WM-702 is a 3-layer anatomic glove made from a polyester liner, PU synthetic rough palm, and waterproof membrane. The polyester liners keep the user's hands warm and protect them from cold. The inner glove is designed with a waterproof membrane. The safety cuff designed enables the user to remove the glove as fast as possible when meeting danger. This glove provides the user with a breathable feeling. WM-702 is widely used in general work protection during the winter season.

PRODUCT DESCRIPTI	ONS
Series	Uncoated or Sewn
Available Size	8-9-10-11-12
Material	Polyester/Polyurethane
Color Available	Black
