PRODUCT FEATURES

- Biodegradable
- Excellent grip in all environments
- High dexterity
- Light in weight
- Air permeability
- Silicone free
- High durability

POSSIBLE APPLICATIONS

PERFORMANCE REQUIREMENTS

EN ISO 21420	PASS
EN 388	4131X
OEKO-TEX Standard 100	PASS
Silicone Free	PASS

DETAILS

P-325 is a protective glove made from 13-gauge innovative Natrume™ seamless liner and innovative Natrume™ polyurethane coating. The glove is designed to meet sustainable compliance and ESG management, while remaining the perfect mechanic performance and functions. P-325 can provide excellent grip in all environments. It offers high dexterity and air permeability. This glove is widely used in general mechanical protection, for example, packaging, cleaning, and electronic assembly. It aimed to be a guideline for the user's glove choice.
