EN 388	3121X
OEKO-TEX Standard 100	Pass

DETAILS

EZ-318 is a protective glove made from 18-gauge ultra thin nylon liner and PU+NBR coating. The glove is designed to meet sustainable compliance and ESG management, while remaining the perfect mechanic performance and functions. It offers high dexterity and air permeability. This glove is widely used in general mechanical protection, for example, packaging, cleaning, and electronic assembly. It aimed to be a guideline for the user's glove choice.
