## DETAILS

K2-318-BIO is a cut-resistant glove made of 18 Gauge seamless TekArmor® liner and Bio-based soft PU coating. High performance yarns and fibers that offer cut protection while maintaining high levels of comfort. It offers high dexterity and air permeability as well. At the same time, this glove also has a screen-touching function. Compared with ordinary gloves, K2-318-BIO has better protection and more functions. This glove is widely used in general mechanical protection, for example, packaging, cleaning, and electronic assembly.
