Product Data Sheet

DETAILS

P-210R is a protective glove made from 13-gauge RPET liner and Foam Nitrile palm coating. The Foam Nitrile palm coating features lightweight design and high levels of comfort. Meanwhile, the liner material is recycled polyester that can greatly reduce CO2 compared to virgin polyester. This glove provides excellent grip in all environments and oil resistance. It also offers high dexterity and is breathable. This glove is widely used for general working purposes.
