| EN 388                | 3121X |
| OEKO-TEX Standard 100 | Pass  |

## DETAILS

EZ-318FD is a lightweight protective glove featuring an 18-gauge seamless thin nylon liner and a durable EZGRIP® fully coating. Designed for exceptional grip in all working conditions, this glove delivers outstanding mechanical performance while maintaining a lightweight, flexible, and breathable feel.

Despite its ultra-thin construction, the EZ-318FD provides impressive durability comparable to thicker 13-gauge gloves, making it an ideal choice for users who prioritize comfort without compromising on wear resistance.

With high dexterity, air permeability, and a snug fit, EZ-318FD is perfectly suited for general mechanical protection, including tasks such as packaging, cleaning, and electronic assembly. The EZ-318FD serves as a practical reference for users seeking a balance between comfort, functionality, and durability in lightweight work gloves.
