Product Data Sheet

DETAILS

EZ-325 is a protective glove made from an 18G nylon/spandex liner and EZGRip palm coating. The glove is designed to offer level 1 cut protection for light-duty safety, while ensuring outstanding grip in dry and oil conditions. It offers a perfect fit and excellent tactile feel, along with touchscreen capability. This glove is widely used in light-duty handling in dry and oily environments, for example, assembly, maintenance, and parts handling. It aimed to be a guideline for the user's glove choice.
